OPTIONCARE OF THE QUAD CITIES COMPLETES ACCREDITATION WITH ACHC

Moline, Illinois—Optioncare of the Quad Cities proudly announces it has met national standards from the Accreditation Commission for Health Care, Inc. (ACHC). These standards validate Optioncare of the Quad Cities as an organization dedicated to providing quality patient services in home healthcare, home infusion therapy and home medical equipment.

ACHC, a private, not-for-profit Corporation which is certified to ISO 9001:2000 standards, was developed by home care and community-based providers to help companies improve business operations and quality of patient care. Referring to the value of accreditation, ACHC President Tom Cesar indicated, “The survey process leads an organization to examine its policies and practices continually to clarify its strengths and improve its weaknesses.”

Accreditation is a voluntary activity where healthcare organizations submit to peer review of their internal policies, processes and patient care delivery against national standards. By attaining accreditation, Optioncare of the Quad Cities has demonstrated its commitment to maintain a higher level of competency and strive for excellence in its products, services and customer satisfaction.

Optioncare of the Quad Cities is locally owned and operated since 1995 by Kathy Goodwin, RN and provides Home Health Care, Home Infusion and Home Medical Equipment to residents in the Illinois and Iowa Quad Cities and surrounding areas.
